The American Numismatic Society.

Mr President or Secretary. New York.

"The Numismatist" for march 1916 at hand for the Historical archive of The Swedish Historical Society of America for which accept our hearty thanks. After the title of J. de Lagerberg's article "A Theory as to the Origin of the Symbol of Three Crowns" of Swedish Coins. (page 146) it reads: No 2 (Conclusion) as the article, as I understand, commenced in a foregoing issue. I wish you would kindly send us a copy of same. According to press-notices published lately Mr Lagerberg had an article in the April number -1917- of the Numismatist about "old Swedish Copper Coins", and it was the same publication I referred to in my former letter. Please send us said number of your publication and greatly oblige.

Yours very Truly

Alfred Soderstrom.
